

The Association of Physicians of India (API), Maharashtra State Chapter, successfully organized World Health Day programs across two regional branches:

1. At Chhatrapati Sambhajnagar, the program was conducted by the API Aurangabad Branch under the leadership of Dr. Ranjana Deshmukh.

2. At Nagpur, the program was conducted by the API Vidarbha Chapter under the leadership of Dr. Jayraj Korpe and Dr. Jayesh Timane. The event featured engaging street plays to promote health awareness, followed by a health check-up camp and a Continuing Medical Education (CME) session on cardiometabolic health.

Both programs witnessed excellent participation and were highly appreciated by the members of API.

Dr. Nikhil Balankhe

Chairman, API Maharashtra State Chapter

Dr. Amit Saraf

Hon. Secretary, API Maharashtra State Chapter
