

PRESS RELEASE

API Maharashtra State Chapter & API Vidarbha Chapter Organize Successful “SAMVAD in Gastroenterology” Academic Meet in Nagpur

Nagpur | 17 May 2026

The Association of Physicians of India (API) Maharashtra State Chapter in association with the API Vidarbha Chapter successfully organized “SAMVAD in Gastroenterology”, an interactive interdisciplinary academic forum, at Hotel Centre Point, Ramdaspath, Nagpur on Sunday morning.

The programme witnessed enthusiastic participation from physicians, gastroenterologists, consultants, and postgraduate students from across Vidarbha. The academic meet focused on recent advances, evidence-based approaches, and practical aspects in the diagnosis and management of gastrointestinal disorders.

Renowned faculty members including Dr. S. V. Mukewar, Dr. S. N. Deshmukh, Dr. Prashant Bhandarkar, and Dr. Abhijit Deshmukh shared their valuable clinical insights and expertise during the scientific deliberations. The sessions were highly interactive and featured case-based discussions, practical management strategies, and exchange of experiences among specialists.

The scientific proceedings were effectively moderated by Dr. Nikhil Balankhe and Dr. Ajay V. Kaduskar, who facilitated engaging discussions and audience interaction throughout the programme.

Office bearers of API Maharashtra State Chapter including Dr. Amit Saraf, Dr. Nikhil Balankhe, Dr. Mangesh Tiwasker, Dr. Suhas Erande, Dr. Agam Vora, and Dr. Rakesh Bhadade extended their support to the academic initiative.

From API Vidarbha Chapter, Dr. Tanuja Manohar (Chairman), Dr. Ashwini Tayade (Secretary), and Dr. Abhishek Pande (Treasurer) played an important role in the successful organization of the event.

The organizers stated that “SAMVAD” was conceptualized as a platform to encourage meaningful academic exchange, collaborative learning, and updated clinical understanding among healthcare professionals. Participants appreciated the high scientific quality of the sessions and the practical relevance of the discussions in day-to-day medical practice.

The event concluded with a vote of thanks and a commitment to continue such academic activities for the benefit of the medical fraternity and patient care.
